

THE BINGO BOND

I, RICHARD GRAHAM

the elected Member of Parliament for

Gloucester

pledge to campaign to reduce tax on bingo *as the economy improves*

I recognise the valuable social contribution that bingo clubs make to the local community and understand that bingo generates million of pounds of revenue for the Treasury, as well as employing over 20,000 people in the United Kingdom.

Bingo's current tax burden is still much higher than other gaming sectors (including online bingo) and continues to threaten the long term survival of many bingo clubs. I pledge to continue to fight for a fair bingo tax and will do all within my power to help and support the industry.

Signed *Richard Graham* Print name R GRAHAM
